A good year or so I wrote an article called 'What is Roblox?'. At the time I was new to the game that my young son had started playing and thought it a good idea to educate people on what the 'game' actually was. After playing with my son for over a year on Roblox I felt it was time to rewrite the article as there is plenty that the original didn't cover.

Think of Roblox as a gaming platform rather than just being a game. In the same way that an Xbox is a gaming platform, so is Roblox. Roblox as a company provides developers with the tools and marketplace to show off their games to players in a similar way to other games consoles. Within Roblox, there are literally millions of different games available for people to play.

NPCs are a fantastic way to engage players in your game rather than have them go to an ugly menu via their user interface. Creating an interactive NPC is a part of designing the game, and they can then be assigned roles and unique shops based on what you want to sell.

The games themselves are usually kid-friendly, although some can be scary, and the chat filters in every game do a great job of filtering out any language that could be deemed offensive for younger eyes.

RobloxRoblox is one of the biggest apps in the world, and you've probably been hearing its name: the company recently went public, and its stock price climbed so high it was temporarily worth more than gaming giants EA and Take-Two combined. Roblox has come up as a contentious topic in the Epic Games v. Apple trial as well.
